

GTA 4 Cheats: Weapons, Armor, Health and More

Just like every other game in the series, GTA 4 is a lot more fun when you enable cheats. Here's what you need to know.

Updated on 20 February 2020

GTA 4 introduced the world to Niko Bellic, the Serbian scoundrel who arrives in Liberty City ready to make it his own. It presented one of the most detailed open worlds at the time of release and introduced several features that have now become mainstays of the GTA and Red Dead franchises. It's a little lighter on whimsy than its predecessors, as there are significantly fewer cheats available. The hilarious physics system does make the cheats that are on offer much more impactful though, so there's still plenty of fun to be had. In this **GTA 4 Cheats Guide**, we'll be detailing all of the GTA 4 cheats you can use on Xbox One, Xbox 360, PS3 and PC. We'll be breaking them up by platform, and also be taking a look at the best ways to make money, given there isn't a free money cheat this time around.

If you have any issues with the GTA 4 Cheat Codes listed below, be sure to leave us a comment. Additionally, if you have any cheat codes that we might have missed, feel free to get in touch.

GTA 4 Cheats

As we mentioned before, the cheats for GTA 4 are a little more understated than in previous entries, though there's still plenty of mayhem to be caused. Mostly, the GTA 4 Cheats focus on vehicle spawns and weapons, which I'm sure no seasoned GTA player would turn their nose up at. We've listed all of the GTA 4 Cheats for Xbox One, PS3, Xbox 360 and PC below.

- Max Health & Armor: 362-555-0100
- Max Health, Armor and Ammo: 482-555-0100

How to Use Cheats in GTA 4

Entering cheats in GTA 4 works a little differently to how it does in other GTA games. With the introduction of the mobile phone, Rockstar has allowed players to enter cheats as phone numbers. All you need to do is open the phone menu, enter the call number corresponding to the cheat you wish to trigger, and press call.

GTA 4 PS3 Cheats
